

Daniel Fast Overview

The Daniel Fast is a spiritual discipline designed to better connect us with God. As we begin a new year, we'll take 10 days to deepen our relationship with God and center ourselves around what God is going to do in our church and in our lives during this season. We are praying that many people will come to faith in Christ as our body of believers walks in obedience and witnesses to the lost about the Good News of Jesus Christ.

Please read the Bible daily. (Begin Read it Through in 2022)

Who: Anyone who feels led to join

When: Monday, Jan 3rd : Begin the "Daniel Fast".

Wednesday Jan 12th : Break the Fast!

What:

The Daniel Fast is a partial fast, which means that we will eliminate some common things from our daily diet, but will have generous options available. We will focus on eating fruits and vegetables that are pure and simple. We have included a list of foods to eat and foods to avoid.

*If you have any known medical conditions or suspect such conditions, consult your doctor before beginning the fast.

How:

There are multiple online resources available on the Daniel Fast. One thing you'll notice is that there are many ways to do the fast. This is, in part, due to the lack of clarity in the bible as to exactly what Daniel did during his fast.

Resources: www.danielfast.wordpress.com/

***Levels of Participation:

Twice in the book of Daniel a fast is mentioned. Once is for 21 days and the second for 10 days. We are asking each one to join us in the 21 day fast but if circumstance won't allow the full fast, we ask that you would set aside 10 days during the fast to join us in prayer and fasting.

Common FAQ's

What about prepared foods?

Read the labels of all prepared foods. Remember the Daniel Fast is sugar-free and chemical-free. So, if you use any canned fruits, vegetables, packaged foods, or prepared sauces you must read the label to be aware about just what is in there.

What about pasta?

Make sure the label says whole grain pasta with no additives (watch for sugar). Whole grain pasta offers 7 grams of protein per serving (3/4 cup of dried pasta).

I know it says raw, unsalted nuts, but what about roasted nuts? The goal would be to stick to raw, unsalted nuts. But these are harder to find so in a pinch just make sure you get plain roasted, unsalted nuts with no preservatives.

How do I get enough protein in my diet while on the fast?

The following are protein-rich foods that are allowed on the Daniel Fast... almonds, sunflower seeds, lentils, quinoa, brown rice, split peas, whole grains, and tofu.

What kind of peanut butter is allowed?

A natural peanut butter with no additives...watch for sugars including molasses. Smucker's creamy natural peanut butter has nothing but peanuts in it.

What about popcorn?

Corn is listed in the vegetables to eat list. You can use a pot on the stove...here is a recipe.

- 1) Put two tbsp. of olive oil in the bottom of a large pot.
- 2) Add enough popcorn to cover the bottom of the pan.
- 3) Turn heat to medium high. Look for the first popcorn kernel to pop.
- 4) Put the lid on the pot. Using potholders shake the pot over the burner.
- 5) Continue shaking until you no longer hear kernels popping. Remove from heat.

How can I identify whole grain foods?

Typically if the ingredient lists "whole wheat", "rolled oats", or "whole corn" as the first ingredient, the product is a whole grain food item. Another way to identify whole grains in the foods you eat is to look in the nutritional facts information and check if the food item contains dietary fiber. If it contains a significant amount, it most likely contains whole grains. "Wheat flour" is not a whole grain and therefore does not indicate a whole grain product.

What about salad dressing? Olive oil and lemon or lime are an option.

Do I need to eat organic foods while on the fast?

No, but it is suggested because organic foods are produced without the use of feed or fertilizer of plant or animal origin and without employment of chemically formulated fertilizers, growth stimulants, antibiotics, or pesticides.

Where can I go out to eat?

Well, we think you can go anywhere and order cautiously, asking lots of questions to the wait staff, knowing ahead of time that you may be ordering a salad with olive oil and a baked potato with no extras. Woodlands Pure Vegetarian is a local restaurant located at 7128 Albemarle Rd, Charlotte, NC 28227.

What about bread?

We are recommending the Ezekiel bread found in the freezer section of your grocery/health food store.

How much can I eat?

As long as they are the appropriate foods, we are recommending eating until satisfied with no limits.

Fast Food for the Daniel Fast

Okay, there are going to be times on the Daniel Fast when you need a quick meal. In fact, when you prepare for the Daniel Fast, you'll want to stock up on a few of these items so you have the on hand.

can organic tomato soup (check the label for ingredients)
 can white beans
 cup mixed vegetables (frozen)
 Season to taste (thyme, mixed Italian, cilantro, parsley, whatever you like)

Add everything to the pan at the same time. Heat until the vegetables are the consistency you like them (usually between 5 and 10 minutes). Serve! Serves 2-4 depending on size of serving! <u>VegetableStock</u> A good vegetable stock is useful in the Daniel Fast. Vegetable stock is an excellent substitute for chicken or beef stock. Makes 4 cups of vegetable stock

2 large onions, cut into large chunks

2 medium carrots, scrubbed but not peeled, cut into large chunks

- 3 stalks of celery, remove and discard all leaves, cut into large chunks
- 1 whole bulb of garlic, peel each clove, but do not chop

1 bay leaf

Cut all the vegetables into large pieces. Place all ingredients into a large pot. Cover with cold water. Turn the stove to a high temperature, and bring the stock to a quick simmer. Once the water comes to boil, turn heat to low. Allow the vegetables to simmer for an hour. Any longer than an hour and the vegetables will begin to turn mushy and begin to lose all their flavorful vibrancy, leaving a wilted taste to the stock. Strain the stock. It should be light in color, sweet in flavor and translucent. Now you can use the stock in place of chicken or beef stock. You may need to increase seasoning when replacing one of these more flavorful stocks.

** Season the stock with other herbs such as parsley, thyme or rosemary. You can also use ginger if you plan to use the stock for an Asian recipe. You an also caramelize the onions and carrots before adding them to the stock for a richer and more flavorful stock. Roasting the vegetables before adding them to the stock also makes for a different flavor in the stock.
